DAV No. 2743/2017

Dt. 20/11/2017

**NOTICE**

It is noticed that some parents are not punctual to their stoppage while picking up and leaving their ward for which the buses are delayed and late to their next stoppage. In spite of repeated information the parents are not changing their habit. Similarly, due to expansion & repairing of roads, construction of over bridges and development of canal roads in different areas, the bus is taking more time to cross the same. In these matters the cooperation of the parents is essential.
